

HydroMaster

High Flow Dilution for Large Tanks, Totes and Drums

HydroMaster drum or wall mounted proportioners automatically mix liquid cleaning and sanitizing concentrates with water and dispense the diluted solution into any container. Any size container of concentrate can be used with the HydroMaster because there's no need to tip the container to pour the contents. HydroMasters use water power, not electricity, so concentrates don't have to be located near outlets – just within a hose's reach of a water source.

- High quality chemically resistant materials
- Increased productivity of employees
- Non-electric
- Enhanced safety
- Compact, easy to store
- Maximized cleaning product performance
- More conscientious response to environmental concerns

Models & Specifications

Model	Description	Flow Rate (GPM)	# of Products	Approximate Dilution Range	
				Min.	Max.
204	Wall mounted	4.8	1	4.5:1	400:1
206	Wall/drum mounted	4.8	1	4.5:1	400:1
208	High concentration	2.5	1	1:1	110:1
216	Wall/drum mounted	9.8	1	5:1	1024:1
220	Wall/drum mounted	16.8	1	8:1	1136:1
