

RiteDose

Economical, Compact Chemical Dispensing

Get chemical dispensing that offers the right dose for the right price and in the right size!

RiteDose is the latest in the line of chemical dilution equipment offered by Hydro Systems. It utilizes patent pending RiteFlex chemical dilution technology to accurately dilute concentrated chemicals with water.

Features and Benefits:

- Utilizes Hydro's industry leading push-in metering tips
- Both bucket and bottle fill options available: simply remove the delivery hose to change from a bucket fill to bottle fill option
- Modular design: Save money by simply adding a single extension piece to connect dispensers rather than purchasing new or larger equipment when you want to add new chemicals
- Easy, convenient installation: features six convenient areas where wall mounting can occur
- Excellent chemical resistance extends the life of the dispenser
- Compact design allows for the use of one or multiple dispensers where wall space is a challenge

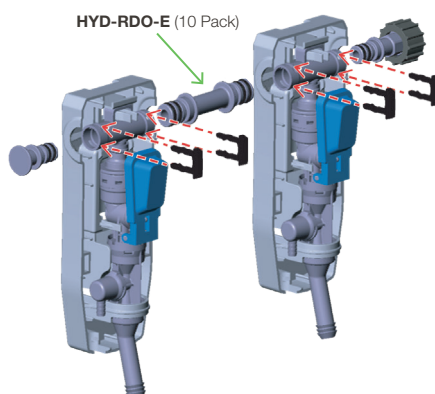

Perfect for:

- Facility cleaning applications like bucket filling and bottle filling
- Lower cost, increased chemical access points to promote usage and overall facility cleanliness
- Sites that have limited space that won't support traditional, larger wall mount units

Description	Model #	Water Connection	Flow Rate	Dilution Range	Operating Pressure	Approx. Dimensions	Weight of Dispenser with Pick-up Tubing
Bucket fill	HYD-RDO-BBB	¾" BSP garden hose connection	8.3 LPM	8:1 to 128:1	1.7 to 5.5 bar dynamic	25.4 cm tall x 12.5 cm wide x 7.6 cm deep	0.57 kg
Bottle fill	HYD-RDO-SBB	¾" BSP garden hose connection	8.3 LPM	8:1 to 128:1	1.7 to 5.5 bar dynamic	25.4 cm tall x 12.5 cm wide x 7.6 cm deep	0.35 kg

Additional Equipment	Model #	Quantity
Extension Piece	HYD-RDO-E	10
